

**(109H)** – For lands zoned SGA-4 as shown on Zoning Grid Schedules 170 and 171 of Appendix A, as affected by this section and subject to a Holding Provision “H”, the use of geothermal energy systems shall not be permitted until the Holding Provision “H” is removed in whole or in part, by By-law and until;

- i) The *City* receives acknowledgment from the *Region* advising of the approval of any technical studies in support of the use of geothermal energy systems on the property.
- ii) The Owner enters into appropriate Development Agreements with the *Region* to provide for the implementation of the acknowledged and/or approved technical studies related to the use of geothermal energy systems.

(By-law 2025-049, S.26 – May 5, 2025)
